Parental Consent & Release of Liability Form on the Back

Colorado Springs Rocket Society (COSROCS) is an all-volunteer educational non-profit organization that provides El Paso County with family friendly opportunities to explore and practice real rocket science. COSROCS is an affiliate of the National Association of Rocketry (NAR Section 515).

PARENTAL CONSENT & RELEASE OF LIABILITY FORM

I, _____, parent/guardian, give permission for my child(ren) _____
(please print full name)

(please print first and last name(s))

to attend the designated class(es), as listed on the front of this document. I acknowledge that these classes are conducted strictly on a COSROCS volunteer basis, and that the volunteers are not paid for their teaching and mentoring services, and that they are giving of their time and services freely to enlighten my child(ren) in the field of sport model rocketry, a science, technology, engineering and mathematics (STEM) program. I acknowledge that there are set age requirements for both the Beginner and Advanced (HPR) classes, and that the information provided on the front of this document is complete and correct to the best of my knowledge. I further acknowledge that this complete document has been thoroughly explained in the presence of myself and my child(ren) prior to my signing below.

I understand there is a minimal class literature printing, paper and binder cost, and/or a manual cost that I would be responsible for in order for my child(ren) to attend the COSROCS classes. Full payment for the stated literature and binder is due upon the attendance of my child(ren)'s first class for the 2016-2017 year. I further understand that I am responsible for the cost of all of my child(ren)'s class materials to include the above-mentioned class literature, rocket kit(s), building tools and supplies, launch supplies including motors and igniters, and a build/range box for their rockets. I also understand that I, and my child(ren), are ultimately responsible for my child(ren)'s rocket kit(s), building tools and supplies, launch supplies and build/range box.

I acknowledge that during the above-mentioned classes, students will be handling sharp tools (e.g. hobby knives, etc.) as well as chemical-based fillers, sealers, glues, epoxies and paints, and it is my responsibility to be aware of injury and/or allergic reactions my child may receive while participating in the above-mentioned classes, and will not hold any member or volunteer of the COSROCS responsible in any way or degree if such an injury or allergic reaction does occur.

I further understand that either I or the COSROCS volunteer teachers and mentors may withdraw my child(ren) from the classes at any time during the year without notice or reason, but that there will be no reimbursement for class literature and/or manual material already purchased, or for any other purchases I make on behalf of my child(ren) during the course of the year in order for them to participate in the classes.

Release of Liability: I, the parent or guardian for my child(ren) listed above, do hereby release and forever discharge and hold harmless COSROCS (as individual volunteer members and as a club) from any and all liability and claims for all damages, bodily injury, or loss of property which may incur as a result of my or my child(ren)'s own actions and/or participation in any and all COSROCS class activities, including COSROCS rocket launches associated with the above classes.
